Dear Mr. Weisberg:

Sorry, to bother you but I had to write since I have read Whitewash I, II, III + am reading III. I must say that your books are quite interesting. I do wonder what this world of our is coming to. Mr. Weisberg, aren't you afraid as to the closer to get to the truth that you might end up like some of those missing witnesses?

You are brave + I do hope you continue writing about President JFK - as he (JFK) has always been a fascinating president + great speaker.

By the way, I have two questions:

① Whitewash IV - pg 140 the page ends with who, is there more elsewhere?

② would you happen by chance to know where I can obtain a complete set of 26 volumes of the Warren Commission Report?

Sorry, to inconvenience you, your help will be appreciated.

Sincerely,
Andrea V. Garcia

PS. Enjoy your books very much.
